Republican Victory.Harding's Plurality Will Ex-  
ceed 200,000.

## HEAVIEST VOTE IN HISTORY

tricts Is Forecast.Probable Pluralities.  
Harding (R).....200,000  
Cox (D).....175,000  
Allen (D).....125,000

Kansas Democracy was smothered under a Republican avalanche in Tuesday's election. This afternoon with partial or complete returns from 96 of the 105 counties of the state, the Republicans have seemingly won in every county. The Harding plurality will exceed 200,000, it seems, and will exceed any lead ever given a candidate in this state.

Senator Charles Curtis.

Voting throughout the state was the heaviest ever known. In the landslide to the Republican cause, the entire state ticket is seemingly safe, although a few districts are still in doubt. The election was directed against attorney general and state superintendent of public instruction.

Total Vote of 650,000.

It is probable that the total vote for the state may reach 650,000 and that the vote for Republican and Democrat presidential nominees may reach 600,000. Estimated pluralities are based on incomplete returns and probable votes of 600,000 for president. On this basis Harding may attain a plurality of 220,000, Curtis 165,000 to 170,000, and Allen 110,000 to 120,000.

Complete returns for the state will not be available until late tonight or sometime Thursday.

## Elect Eight Congressmen

Republicans have elected all eight congressmen—remains the Eighth district held by W. A. Ayres, Democrat, since 1914. A slump in the late vote in the Fourth district, where Ayres today and he is returned by a large majority as Congressman Anthony in the First, Campbell in the Third, Hoch in the Fourth, Stone in the Fifth, White in the Sixth and Taylor in the Seventh.

Election of Judges Bird to congress in the Eighth was virtually conceded by Congressman Ayres late this afternoon, when he stated that on the face of returns Bird would probably win by 400 to 500. Bird's present lead is 700 in the district. He is ahead of Ayres by 1,142 in McPherson county, 541 in Harvey, 300 in Butler, and 235 in Sumner county. Sedgewick county, home of the two candidates, gave Ayres a majority of 1,500.

Richard J. Hopkins, attorney general, and Miss Lorraine E. Wooster, state superintendent of public instruction, will probably win re-elections by virtue of the tremendous Republican majorities in all sections of the state. That the voters were after the two nominees was evident in many returns. Miss Wooster, if elected, will hold the low place on the ticket. There is the possibility—the scarce probability—of her defeat. She is running behind Colville, Democrat, in the large counties, but retaining some of her losses in the rural districts, where the clean and powder puff are less popular.

Hopkins Leads O'Neil.  
This afternoon Hopkins holds a slight lead over Ralph O'Neil of Topeka, Democrat. Miss Wooster is more than 3,000 votes behind Colville in 248 precincts.

Should this ratio continue Hopkins would win by about 17,000. And by the same token Miss Wooster would (Continued on Page Six.)

## BURN RED FIRE—MOTTER

Chairman H. H. Motter of the Republican state committee, this afternoon renewed his call for a Republican rally in every county in Kansas Friday night. His request went to county chairmen several days ago in anticipation of a big Republican victory. It was renewed today.

"Kansas and the nation ought to make glad," said Motter. "Friday night is the time. Let's get busy. Let's show the nation Kansas is happy. If there is any red fire left in the state, let's burn it."

Topeka and Shawnee county made allowances for her natural and antagonistic anti-Republican vote Tuesday and then piled up one of the most substantial G. O. P. majorities in years. The entire national, state and county tickets with the exception of Miss Wooster, state superintendent of instruction, went over with a bang.

The official complete count was finished at 2 o'clock this afternoon. More than 22,000 persons voted in the city and county Tuesday. The interest in the Republican ticket and the labor vote against Governor Allen swelled the attendance at the polls. Despite the rumblings and warnings and threats among the labor leaders here, Governor Allen ran only 2,000 behind Harding and 1,000 behind Curtis.

The vote in the city was unusually heavy. At some polls the supply of (Continued on Page Six.)

## CALLS IT REVOLT

British Idea of Cox Defeat Is  
Expressed.America Tired of "Supermen,"  
Is England's Deduction.

London, Nov. 2.—"The United States has revolted against supermen in politics," the Evening Standard said today. The Globe called Senator Harding's election a fortunate thing for Anglo-American friendship.

"It is a good thing that Governor Cox was snubbed under," the Globe said. "He had pledged an interference in Irish affairs which England could not and would not have brooked."

Senator Harding does not intend that America shall become involved in the controversies of a powerless League of Nations, the Globe said. "He must be remodeled to permit American membership if it hopes ever to acquire power," this newspaper declared.

The Evening Standard said the voters realized Harding opposed the League of Nations but favored an association. "Names and forms are unimportant," the Standard added, "but a cooperative spirit is essential, we hope and believe that spirit will not be lacking."

## SOVIET DENIES REVOLTS

Five Armies Being Rushed to Oppose

Moscow, Nov. 2.—Official denial that military revolts have occurred in Moscow was issued by soviet leaders today. They declared unfounded reports from border cities that sailors were leading factory workers in uprisings.

The military communique said five armies were rushing the forces of General Wrangel in southern Russia. "The fate of Wrangel's principal force is settled," the communique said.

Washington, Nov. 3.—President Wilson was up early this morning and after breakfast spent some time on the south porch of the White House enjoying a warming sun. White House officials said they did not expect the president to make any statement today on the result of the election. Secretary Colby, of the state department, declared he was "disappointed and depressed." However, he added:

"I cannot but feel a confidence that in some way and by some avenue not at the moment disclosed, this country will step up to the highest conception of duty."

Cost Government \$650,000,000.  
Washington, Nov. 2.—Private operation of the railroads for the first six months after the end of the federal control will cost the federal government a total of \$650,000,000, according to figures made public today by the interstate commerce commission.

NEW VICE PRESIDENT  
Gov. Calvin Coolidge.

It was estimated that the total vote cast was more than 20,000,000 and that Harding polled nearly 6,000,000 votes more than Cox. This broke all records for political landslide. The records show that prior to yesterday no state ever had given a presidential candidate more than a 500,000 plurality.

New York Breaks Record.  
This was surpassed by New York, which gave Harding a probable lead of more than 1,000,000; by Pennsylvania, where the Republican candidate has a margin of more than 700,000; and in Illinois where Harding's estimated plurality is about 800,000. Harding's margin of victory in Ohio was estimated at 400,000.

Other states rolled up unprecedented pluralities for Harding. California, whose vote four years ago decided the Hughes-Wilson contest in favor of the latter, appears to have gone for Harding by more than 100,000.

Farmer-labor Candidate Christensen of Salt Lake City had not been located at an early hour today.
